

AWARD-WINNING AIR CARRIER **JSX EXPANDS FLIGHT SERVICE BETWEEN
OAKLAND AND LAS VEGAS TO RENO-TAHOE STARTING **MAY 21, 2021****

*Flights depart and arrive at private terminals on 30-seat jets for a crowd-free, super-safe,
and simple travel experience*

(DALLAS, TX) – April 14, 2021 – [JSX](#)—the revolutionary hop-on jet service that is leading the charge for simple, fast, and enjoyable air travel experiences—is expanding its regular flight service between **Oakland (OAK)** and **Las Vegas (LAS)** to and from **Reno-Tahoe (RNO)** starting **Friday, May 21, 2021**. By flying between private terminals on 30-seat jets, JSX is uniquely positioned as one of the only crowd-free alternatives to public air travel—a major win for travelers wanting to avoid the worry and stress of crowded terminals and packed planes this Spring and Summer to the ‘Biggest Little City in the World.’

Now available for booking online via the [JSX website](#), JSX offers Oakland and Las Vegas residents an affordable way to experience the wonders of Reno-Tahoe with a crowd-free travel experience from departure to arrival.

In its fifth year of operation, JSX is dramatically improving air travel for thousands each month by offering the comfort and hassle-free experience of flying between private terminals on 30-seat jets. Travelers heading to the stunning Sierra Nevada Mountains region arrive just 20 minutes before departure and can seamlessly check-in up to three complimentary free bags. Once onboard, customers can kick back with business-class leg room along with free snacks and drinks, including cocktails. JSX saves customers up to two hours compared to traditional airlines, meaning travelers can spend less time getting there and more time exploring all that Reno and the surrounding Lake Tahoe area has to offer.

The new flights from Oakland and Las Vegas complement JSX’s existing service to Reno-Tahoe from **Orange County** and **Burbank**.

Recognized by [Fast Company as one of the “Most Innovative Companies” of 2020](#), JSX has established West Coast and Texas networks and amassed a reputation for joyful, simple, and reliable air travel by carving out a new category of flying it calls ‘**hop-on jet service**’ for all.

“We are pleased to expand our service for Oakland and Las Vegas residents to and from Reno-Tahoe this Spring for safe, simple, and socially distanced getaways as domestic travel takes off,”

states **JSX CEO Alex Wilcox**. “With the easing of travel restrictions, our distinctive form of flying allows JSX to quickly pivot to serve destinations people want to fly to while eliminating the hassles and headaches associated with congested airports, irksome middle seats, and long TSA lines.”

JSX Simpli-Fly Enhances Customer Safety

JSX – recognized by Airline Passenger Experience Association (APEX) as the 2020 “Best Overall in North America” air carrier – has introduced a new meaning to ‘safe travels’ via its [Simpli-Fly program](#), allowing customers to skip the crowds, hop on, and *simply fly*.

Features of the program include:

- Increased aircraft and lounge sterilization throughout the day and full-aircraft, non-toxic electrostatic spraying every 30 days.
- HEPA filters and fresh air circulation every 2-3 minutes onboard — 5x more per hour than a hospital.
- No middle seats or overhead bins and a maximum of 30 customers per flight.
- Contactless, real-time, AI-enabled thermal Temperature Measurement Machines (TMM) at every airport.
- Fast deplaning and limited bag handling, with bags delivered moments after arrival.
